

i-Pro™ Vision protective visor

Airway Management ▪ Protective Visor

i-Pro™ Vision protective visor

The i-Pro™ Vision protective visor has fully re-useable headwear providing an over-head cradle with three point adjustment and multiple comfort features, designed for use in the clinical setting. The anti-fog visor provides optimum visibility, with a full range of movement and is easily replaced providing a more environmentally friendly solution to protective wear.

Premium quality and environmentally friendly, the i-Pro™ Vision protective visor is the best choice when it comes to ensuring safety and protection for healthcare workers in the clinical environment.

Flexible adjustment
Allows for a full range of movement to optimise protection

Improved comfort
Foam on the inside of the headband improves comfort, especially during long periods of use

Clear vision
Anti-fog coating helps optimise vision in use

Secure positioning
Supports and stabilises position in use

Reduced waste
Reusable head-wear and replaceable visors reduces unnecessary waste
